Foundations
Service Providers
School Leaderships
Faith-Based Leaders
Chief Executive Officers
Chief Financial Officers

40 DEVELOPMENTAL ASSETS

Developmental Assets™ are 40 key building blocks that all young people need to grow up to be caring, competent, and productive. The assets are both external (things that other people provide for youth) and internal (things that young people develop within themselves). There are four categories of external assets and four categories of internal assets.

EXTERNAL ASSETS

- Support
- Empowerment
- Boundaries and Expectations
- Constructive Use of Time

INTERNAL ASSETS

- Commitment to Learning
- Positive Values
- Social Competencies
- Positive Identity
